HF117i6481

Overview of this certification process.

This organisation certificate is based on a pre-qualification assessment. As such it is only intended to provide confirmation that there are certain management arrangements in place in the hazard area(s) indicated. This assessment is not intended as an implementation certification and can make no guarantees regarding safety standards when work tasks are actually carried out by the named organisation. For further information about this process please contact Human Focus or visit our website:

Human Focus International, Castle Court, 41 London Road, Reigate, RH2 9RJ
